

Help Personalize Health Measures for Diverse People

The Canadian **Equitable People-Centred Health Measurement** team (healthyqol.com) is developing cutting-edge online health measures that are short and tailored to each person's unique experiences.

You Are Invited to Join Our Project

You can help personalize health measures for diverse people with the goal to improve health care for everyone!

- Your participation would involve completing a series of online surveys over a period of 6 months.
- You will be eligible to receive two **\$10 e-gift cards**.

For any questions, please email the project team at survey@healthyqol.com or phone 1-800-882-3188.

For more information and to join the project, go to healthyqol.com/ephmsurvey or scan the QR code.
