

Volunteers Needed for a Research Study

Our research study aims to explore experiences and perspectives from patients/healthcare users from marginalized communities to inform a Charter of Patient AI Rights

Want to take part in an online focus group or interview to help improve healthcare & services for patients?

Scan the QR code or email digitalcompassion@uhn.ca

Please do not communicate personal sensitive information via email as it is not secure

Participation is voluntary.
A token of appreciation will be provided.

If you have any questions about the study, please contact David Wiljer, Principal Investigator at david.wiljer@uhn.ca
